## PRESENTATION

The characters are in the spirit of “ice elves”, that is to say harmonious white costumes that give an impression of lightness and white or light makeup. The show takes place under our aerial frame.

The show is offered in a 4 artists version, as an enchanting visual fresco composed of various acts:

- The Queen awakes her subjects: live song with a choreography staging the character of this magical world
- Handover of light between the Queen and her knight, initiating a light up juggling act
- Strolling of 2 white fairies arriving in giant bubbles and dancing with light up fans
- Acrobatic duo with a fairy and the knight
- Aerial hoop or trapeze act
- Flexibility / Hula-hoop act of the Queen that initiates her “vortex”: a kind of mini-storm made thanks to several fans and a play of light
- Vortex dance act of the Queen
- Aerial silk duo of the 2 fairies, synchronised on 2 aerial silks
- Final: the Queen and the knight present a pyrotechnic juggling duo
